

You were first advised to consider potential project ideas in Unit 7 of the Research Methods and Professional Development module, while the Project Outline was first mentioned in Unit 10 of the module.

Your Project Outline detail / idea can now be discussed with your Supervisor in your first meeting, or you can email them a side of A4 with a basic summary upon allocation.

Your outline could detail following:

- Research area and working title.
- Proposed Research Problem and Research Question.
- Proposed Aims and Objectives.
- Proposed Research Design.
- Artefact(s) that can be created.

This should be a summary only and limited to 1 side of A4. If you are experiencing issues with choosing a suitable supervisor(s), please [contact the academic team](#) for further support.
