Criteria and weighting	Level	Comments
Knowledge and understanding of the topic/ issues under consideration (30%) To provide an overview of current knowledge on the chosen topic	Excellent	Overall excellent knowledge and understanding of the topic. There has been a well planned and well researched approach to the content and that is clear to see within the assignment.
Criticality (30%) To highlight similar and contrasting views on your chosen topic	Excellent	Overall appropriate understanding of critical discussion, with strengths and limitations of research discussed. Take this further for the next summative and try some more dynamic discussion of pros and cons of research within paragraphs, [and so back and forth regarding strengths and limitations within majority of paragraphs for next submission].
Use of relevant sources (20%) To demonstrate an awareness of relevant, current literature	Excellent	Generally excellent use of relevant resources [just please see the comment below regarding citation in academic integrity]. There is effective use of cross sectional research within your assignment which is good practice.
Structure and Presentation (as detailed in the assessment guidance) (10%) To showcase your research and writing skills.	Excellent	Generally excellent structure and presentation in your content. Good to see visuals as well as contextual work. For future assignments, please ensure that your list of references has its own page at the end of the assignment.
Academic integrity (10%)	Excellent	The majority of paragraphs have more than one citation applied per paragraph, which is good practice. There is the odd paragraph that has one citation for example and so for

To showcase your research and writing skills.		the next summative ensure that more than one citation occurs in every paragraph, as this is how you achieve true criticality. You have a strong academic tone to your content and so do take this forward to your next summative.
Overall		
<u>Positives:</u> <ul style="list-style-type: none">• Generally excellent outcomes• To maintain/develop your grade reflect on the feedback within the summative for the next summative submission• Build upon what you have done here		
<u>Points for development:</u> <ul style="list-style-type: none">• For the next assignment build on the 'pros and cons' discussion within paragraphs• You'll be able to achieve this by adding regular citation in every paragraph• This will allow a more dynamic debate to take place within your assignment
